

THE CITY IS UPDATING ITS 20-YEAR PLAN

VINEGAR FLATS *needs a say in it.*

PUBLIC COMMENT CLOSES 5 P.M. FRIDAY, OCTOBER 2

PlanSpokane 2046's draft map places an urban hub on Inland Empire Way — higher-density housing and mixed-use development, and the traffic questions that come with it.

The committee is forming now. The Latah-Hangman Neighborhood Council approved a Vinegar Flats Planning Committee on September 17. It is open to anyone who wants to be involved — and we especially want to hear from the people who live here and run businesses here.
